

Hominid Jigsaw Team Activity

DIRECTIONS: For this assignment you will be broken down into groups of 4. Your group will be assigned a specific hominid from Chapter 2, and your group will become the expert of the class. You will create a **poster**, and a **presentation** to teach the class about your hominid.

QUESTIONS YOU MUST ANSWER IN YOUR POSTER/PRESENTATION

When and where did your hominid live (Time period, location)?

What made them different or unique?

What capabilities (skills or tools) did they have?

What was their lives like (Homes, Families)?

How did they get their food?

What important information should the class have about your hominid
